NEW NEW FILM "DEEP OF THE OCEANS"*

WILD IMMERSION DIVE INTO THE FIRST VIRTUAL RESERVE

Have you always dreamed of travelling around the world? Thanks to Wild Immersion, it’s now possible while limiting your carbon footprint.

Take a deep breath and dive below the surface of the great Blue Ocean. A school of multicoloured tropical fish, a sea turtle, a manta ray, a whale shark… The unending coral reef—a truly breathtaking journey.

With this film, you will cross the oceans on a discovery tour of the endemic faunas and the flora to see the animals as you have never before seen them.
